

Big Ben

[The exclusive umbrella for large areas of shade on terraces]

Like his famous namesake, this elegant umbrella is an impressive eye-catcher - a landmark for your terraces. It is nice to spend a while in its shade, the soft light under the broad canopy conveys a feeling of comfort and has a special flair.

"Big Ben" impresses with its comfortable handling. The umbrella can be opened and closed without effort, by means of a crank. Thanks to the ingenious mechanism, the umbrella closes well over table height so that decorations and seating can be left in place.

Premium quality for a long useful life

CARAVITA®

Extra-Strong Design

"Big Ben" is distinguished by its sturdy materials and robust construction. The 80 mm thick mast made of 3mm thick aluminium piping is light and yet extremely stable. Strong 40 x 20 mm struts and robust joint connections can take high loads without being damaged.

Circle of struts: strongly dimensioned parts and sturdy workmanship guarantee a long useful life.

Convenient, smooth-running cranking. The mast extends upwards upon closing. That is why "Big Ben" closes at above table height. The crank can be removed.

Practical help in setting up

Thanks to the well thought out Caravita® setting-up aid, the umbrella can be set up simply and quickly by only one person.

The robust connecting rod is available in either elegant slate-grey or in classic white. It is also available in other RAL-colours against a small extra charge.

Telescopic struts for perfect fit of the cover

The struts of the umbrella can be removed and enable the fabric to be tensioned afterwards if necessary. So the fabric always fits so that it looks just right.

Water-proof tensioning in many colour combinations

The strong acrylic marquee cloth is absolutely weather-resistant and is extremely colour-fast.

The range of canopy fabrics comprises over 75 attractive colours and enables you to design your umbrella individually (for variation options see Caravita Main Catalogue).

Upon request, you can also receive "Big Ben" with wind hood and flounce.

Sizes and Designs

Umbrella Size	A	B	C	D
300 X 300	300	372	225	144
350 X 350	310	394	225	129
400 X 400	320	412	225	109
450 X 450	333	434	225	95
500 X 500	342	468	225	93
300 X 400	310	394	225	125
350 X 450	321	412	225	106
400 X 500	333	434	225	938
350 Ø round	290	366	225	176
400 Ø round	296	377	225	162
450 Ø round	304	385	225	143
500 Ø round	311	395	225	127
550 Ø round	318	407	225	113
600 Ø round	326	419	225	99

Dimensions C and D each at the end of the strut. With umbrellas with flounce, take 25 cm flounce length into account.
