

OASIdehor® PRIVÉ

BANNERGJERDE / AVGRENSINGSBJERDE

OASIdehor® PRIVÉ

Perfekt som innramming og ekstra elegant i samme farge som parasoller og markiser.
Velg mellom akryl markisestoff eller PVC trekk.

WHY OASIDEHOR® PRIVE' AREA SEPARATORS?

OASidehor® PRIVE' have been designed and made to solve many problems of separating both inside and outside areas wherever it is not possible to use fixed, rigid structures nor traditional screens. OASidehor® PRIVE' separators immediately allow to elegantly create outside private rooms of public places. The advantage of OASidehor® PRIVE' modules is that they can be assembled, placed and moved very easily by creating settings according to the needs and without obligation of permissions.

Oasidehor® Privé, as well as elegantly separating the outside area, protect from vehicles circulating on the road and the passage of passers-by, thus creating an intimate situation to your customers.

OASidehor® PRIVE' can be supplied in various colours to match the style of the public place and can be customized with the logo, wished decorations and parasols, thus pointing out the features of the public place and its image to the public.

OASidehor® PRIVE'

THE IDEAL SOLUTION FOR : BREWERIES – RESTAURANTS – PIZZERIA – FAST FOOD
ICE-CREAM SHOPS AND OTHER SHOPS

OASidehor® PRIVE'

- **POLE WITH CHROMIUM PLATED STEEL SPHERE AND BASE IN CAST IRON, BLACK**

- pole diameter cm 3
- pole height including sphere cm 100

- **SLIDING RINGS IN ANODIZED ALUMINIUM**

sliding on the pole permitting to tighten the cloth, perfectly stretching and blocking it.

The rings allow to create different angle positioning.

- **BASE IN CAST IRON**, black colour diameter cm 38.

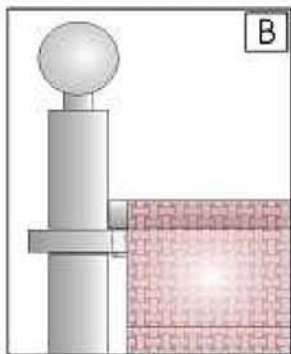

The clothes have been designed and made with an excellent finish. They stand out not only for the quality, but for the dimensions as well, permitting to be linked to the pole without leaving large spaces to the air inlet.
